

CHAPTER 1

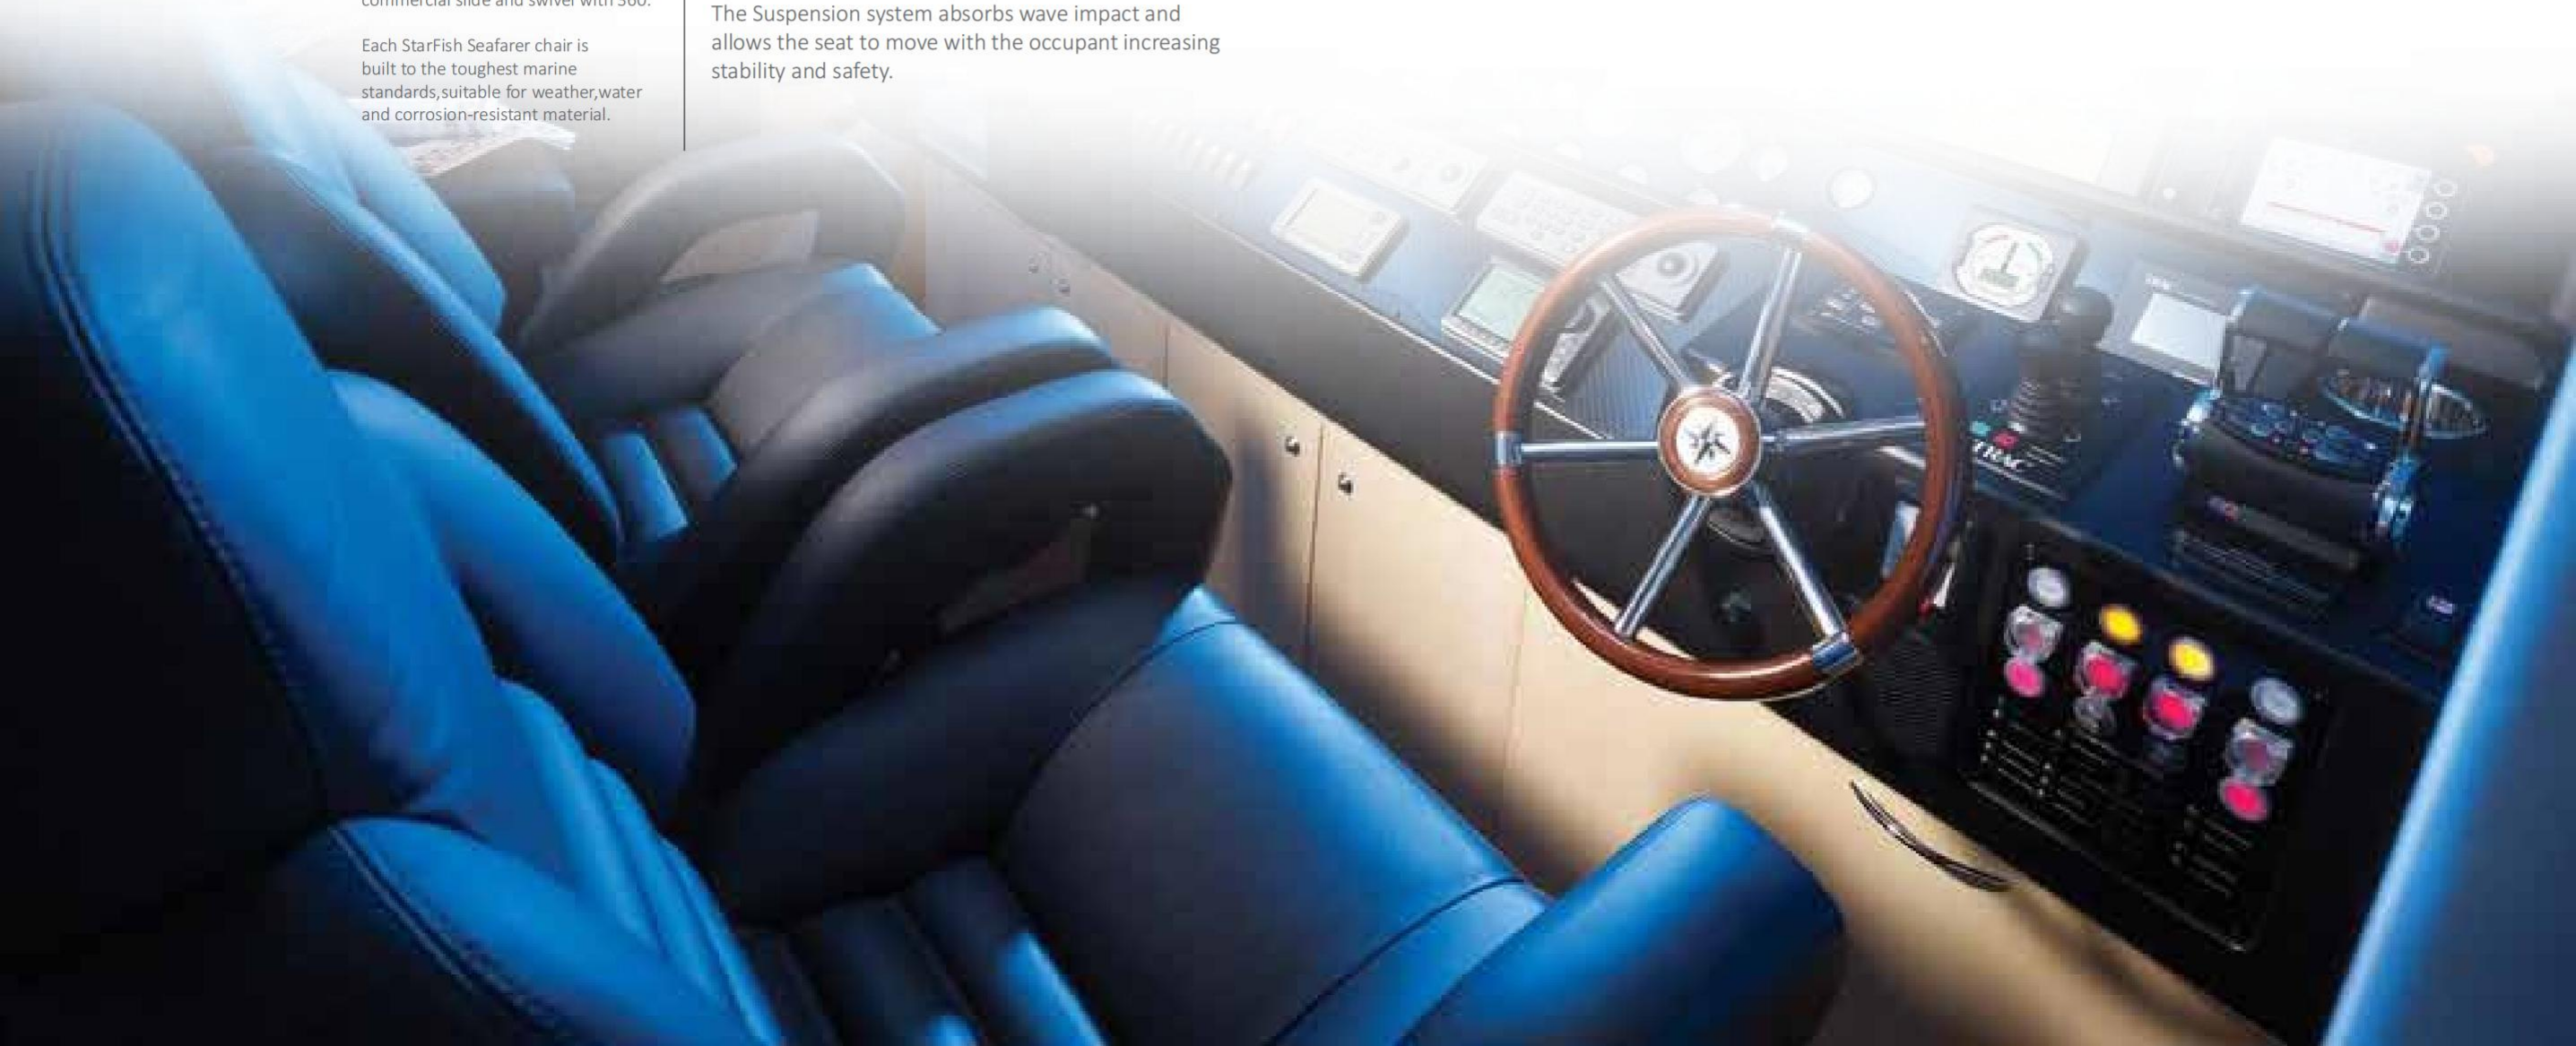

Pilot Chairs

Starting at the base, the aluminium pedestal assembly is height adjustable with a full-length foldable footrest and commercial slide and swivel with 360.

Each StarFish Seafarer chair is built to the toughest marine standards, suitable for weather, water and corrosion-resistant material.

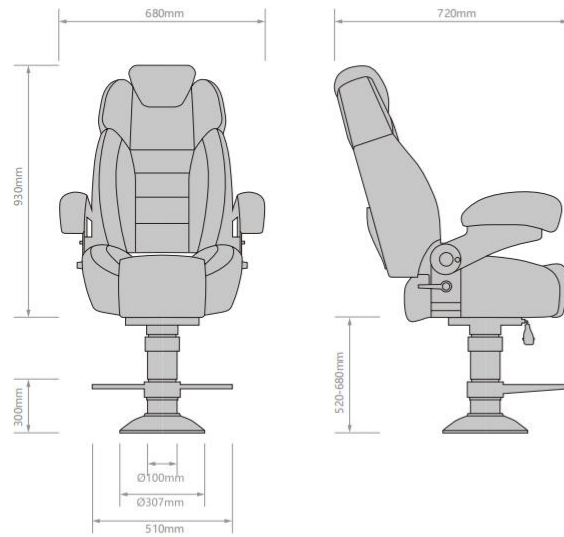

The StarFish Seafarer Chair is stylish with a sleek profile. Each StarFish Seafarer Chair uses plush high-density foam cushions covered in premium grade vinyl. The high backrest, headrest, seatrest and armrests are all adjustable giving complete customisation. Ergonomically designed to provide optimal posture, lateral and lumbar support reducing fatigue and improved comfort.

The Suspension system absorbs wave impact and allows the seat to move with the occupant increasing stability and safety.

PILOT CHAIRS

HA-B-01

StarFish Seafarer Pilot Chair

Adjustable Head Rest Hight

140mm

Adjustable Armrest

0° to 110°
